U.S. Night Vision manufactures tactical-grade night vision devices. Our products include goggles, monoculars, weapon sights and night vision devices.

Made in America: our night vision devices are known throughout the world for their quality and durability.

Our commitment to customer service will ensure your satisfaction.

Designed to handle the recoil from a 308 caliber weapon the USNV-141 is built to last

Generation 1 Weapon Sight

USNV-141

Generation 1 Night Vision System

- * 3X Magnification
- * Infrared Illuminator
- * Lit Reticle

Optional Accessories

Univeral Rail, Weaver, USNV-IR
Spot Light Kit

The USNV-141 weapon sight is built around a high performance Generation 1, enhanced image intensifier. Designed to handle the recoil from a 308 caliber weapon the USNV-141 is built to last. Many Generation 1 weapon sights are damaged by recoil. We warranty the USNV -141 to retain zero for the full one-year warranty period. The USNV-141 is a complete weapon system. It comes standard with an adjustable white on green reticle, and a variable brightness IR illuminator. Simple to use and highly reliable, the 141 comes standard with a super-strength weaver style mounting base for easy installation to most any weapon. The USNV-141 ships with a soft carry case, a manual and batteries.
