Our K-9 One™ Vest is the #1 selling K-9 Vest in the U.S., and is the official vest of the original Vest-a-Dog™ program. International Armor is the original designer of the K-9 Vest. In the early 1990s we worked closely with K-9 handlers to perfect a design that provided maximum protection and maneuverability. Our efforts resulted in the development of the most successful K-9 Vest on the market today. We have sold thousands of K-9 vests in the U.S., Canada, and Europe. In fact, there is a K-9 One™ vest being worn by at least one K-9 unit in every state. Our K-9 vest has a unique lightweight three-piece design that allows for easy adjustability for a secure and perfect fit. No measurements are needed. This "one size fits all vest" easily adjusts at the shoulders and around the girth of the dog allowing the K-9 handler easy access for donning. The yoke design enables the K-9 to perform all of his duties with no hindrance to its movement. In fact, the design of our K-9 One™ Vest provides more freedom of movement than any other K-9 vest on the market. The K-9 One™ Vest has proven time and again to be best K-9 vest on the market today. Please feel free to call for a department reference in your state or call for police department testimonials.
