U.S. Night Vision manufactures tactical-grade night vision devices. Our products include goggles, monoculars, weapon sights and night vision devices.

Made in America: our night vision devices are known throughout the world for their quality and durability.

Our commitment to customer service will ensure your satisfaction.

Spot Flood IR

For Use with PVS-7 or USNV-14

The IR Spot/Flood Lens slips easily over the front of the unit's body and allows the user to focus the diffused IR light source from 40 degrees to 20 degrees. It also intensifies the beam, making it usable beyond 50 yards, and reduces stray IR illumination.

S P E C I F I C A T I O N S

Weight: 1.6 oz.

For Use With: PVS-7/ITT 5001
