- * Light Weight
- * Built-In Infrared
- * Submersible

Optional Accessories

3x Military Lens, 5x Military Lens, IR Spot Flood Lens, USNV-IR Spot Light Kit, MICH Helmet Mount, PSGAT Helmet Mount

The PVS-7 Delta Package is the standard issue goggle supplied to the U.S. Military and its allies. With the use of a single ITT Industries image tube and a dual eye configuration, the USNV PVS-7 provides outstanding night vision performance. It features simple user controls and fully automated image tube protection. This system allows the user to have complete freedom of movement while maintaining equilibrium and balance in a hands free application. The USNV PVS-7 also incorporates an infrared illuminator with a momentary and continuous on switching function. Infrared operation and low battery indicators are displayed within the user's field of view. The USNV PVS-7 Delta Package comes complete with a lightweight, fully adjustable military head strap that allows for comfortable long-term use. A wide range of optional accessories include high magnification lenses, infrared spot/flood lens and helmet mounting bracket. The USNV PVS-7 Delta Package Ships with: System, Head-Mount, Military Soft Case, Hard Case, Military Compass, Batteries, Lens Tissue and Operators Manual.
