

goggle/binocular

Part No- 000208 (USNV 221B Com Spec)
Part No- 000207 (USNV 221G Com Spec)
Part No- 000133 (USNV 321B)
Part No- 000077 (USNV 321G)

USNV 221/321

The USNV-221 is the highest quality dual-tube/dual-eye night vision goggle/binocular available, offering a true stereoscopic night vision image. The USNV-221 utilizes high-quality Photonis-DEP image tubes. The unique patented design eliminates the need for interpupillary adjustment. The small size and light weight of this unit make it easy to carry. The USNV-221 features all of the benefits of Photonis-DEP technology, such as automatic brightness, bright light protection, along with a powerful IR illuminator. The USNV-221 is a highly professional night vision device. The system ships as a 3.2X Binocular or a 1x goggle (with a headmount).

USNV-221/321 as 3x Binocular

USNV-221/321 on Flip-Up Headmount

The USNV-321 is the highest quality commercial dual-tube/dual-eye night vision goggle/binocular available. The USNV-321 features all of the benefits of the USNV-221, with Gen 3 technology. The USNV-321 is a highly professional night vision device. Specialized multi-coated optics provides extreme clarity in low-light situations. The system ships as a 3.2X Binocular, or a 1x goggle (with a headmount).
