USNV-441

Generation 2+ Night Vision System

Optional Accessories

USNV Hard Case, USNV-IR Spot Light Kit, IR Illuminator 5200

The innovative USNV-441 is a high performance night vision weapon sight. It features an adjustable red on green backlit cross-hair reticle for extremely accurate night time shooting. Precision manufactured from the finest materials, only the latest Generation 2+ American made image intensifier tubes are utilized in its construction. The end result is a superb night vision weapon sight that provides an image close to a daylight scope while viewing at night. Easy to operate, all sight controls have been integrated into the mounting assembly for convenient "user friendly" operation. Designed to handle the recoil from a 308 caliber weapon the USNV -441 is built to last. The USNV-441 incorporates a high-strength weaver style mounting base for easily attachment to a wide variety of weapons. A top choice among professionals and serious night vision enthusiasts, the USNV-441 is one of the most formidable night vision weapon sights available today. The USNV-441 ships with a soft carry case, batteries and manual.
