

binocular/goggle/monocular/weapon sight

Part No- 000081

USNV-211 binocular

Built with high-performance multi-coated glass optics and dual Generation 1 image intensifier tubes, the USNV-211 binocular offers true stereoscopic night vision capabilities in a lightweight and ergonomic design. The USNV-211 also includes an integral infrared light source that provides long-range illumination in total darkness. A professional quality night vision binocular, the USNV-211 offers enhanced performance and reliability in a single package. Ships with unit, carry case, manual and battery.

Part No- 000075

USNV-2MV goggle

The most popular Generation 1 night vision goggle on the market, the rugged USNV-2MV offers true stereoscopic viewing in a dual-tube design. The patented optical system eliminates the need for interpupillary adjustment, thus reducing both size and weight. Features include, a high-power IR illuminator, fully adjustable headgear and multi-coated lenses. Optional 3X lenses allow the USNV-2MV to be converted into a binocular. See the night come alive and enjoy more time in the great outdoors.

Part No- 000211

USNV-125 monocular

The USNV-125 is the newest addition to our affordable line of multi-use monoculars. This system incorporates a photocell that prevents the device from powering when exposed to light conditions too bright for night vision use. This compact scope features built-in infrared illuminator, simple user controls, and a fully adjustable head mount for hands free viewing over either eye. Optional high powered lenses are available for long range viewing.

Part No- 000004

USNV 141-Weapon Sight

The USNV-141 weapon sight is built around a high performance Generation 1, enhanced image intensifier. Designed to handle the recoil from a 308 caliber weapon, the USNV-141 is built to last. The 141 comes standard with an adjustable white on green reticle, and a variable brightness IR illuminator. Simple to use and highly reliable, the 141 comes standard with a Weaver style mounting base for easy installation to most any weapon.
