U.S. Night Vision manufactures tactical-grade night vision devices. Our products include goggles, monoculars, weapon sights and night vision devices.

Made in America: our night vision devices are known throughout the world for their quality and durability.

Our commitment to customer service will ensure your satisfaction.

- * Light Weight
- * Water Resistant
- * Head Mountable

Optional Accessories

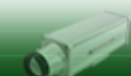

USNV Hard Case, Surefire M1 / IR Flashlight, USNV Headmount

One of the most versatile Generation 3 monoculars available, the USNV-360 offers both extraordinary performance and multi-function capability in a single design. Advanced features include an IR illuminator for use in low light environments. Automatic Brightness Control and Bright Source Protection are standard. A new light weight housing combined with high quality optics makes this monocular one of the best made unit available today. Optional accessories include fully adjustable headgear for hands-free use, magnifying lenses, video adapter, and a weapon mounting kit that will allow the USNV-360 to be conveniently mounted behind a red-dot or EOTech day optic. With all of these features and capabilities, the USNV-360 has no competition in today's market.
