USNV-321 G

Night Vision System w/ 3x Magnification

- * Generation 3 Technology
- * Head-mount included
- * Light Weight

Optional Accessories

Hard Case Commercial, USNV 3X Lens Kit, USNV-IR Spot Light Kit

The USNV-321 is the highest quality commercial dual-tube/dual-eye night vision goggle available. It offers a true stereoscopic night vision image. The USNV-321 is US made, and utilizes the highest quality Generation 3 image tubes. The unique patented design eliminates the need for interpupillary adjustment. The small size and weight of this unit makes it easy to carry. The USNV-321 features all of the benefits of US made Generation 3 technology, such as automatic brightness and gain control, bright light protection, along with a powerful IR illuminator. The USNV-321 is a highly professional night vision device. Specialized multicoated optics provides extreme clarity in low-light situations. The system ships with a head-mount and a soft carry case. You can additionally purchase a pair of 3X magnification lenses converting the 321 into a 3X binocular.
