USNV 125 Night Vision Monocular

The USNV-125 can be used hand-held or hands-free with the included head mount.

A 3X Magnifier Is Also Optional

U.S. Night Vision manufactures tactical-grade night vision devices. Our products include goggles, monoculars, weapon sights and night vision devices.

Made in America: our night vision devices are known throughout the world for their quality and durability.

Our commitment to customer service will ensure your satisfaction.

USNV 125

Generation One Night Vision Monocular

- * Lightweight
- * Generation 1
- * Head Mountable
- * Multi Coated Optics

Optional Accessories

USNV-Hard Case, Surefire M1 / IR Flashlight, USNV-IR Spot Light Kit, USNV Headmount

The USNV-125 is the newest addition to our affordable line of multi-use monoculars. This system incorporates a photocell that prevents the device from powering when exposed to light conditions too bright for night vision use. The compact 125 monocular features an adjustable infrared illuminator, simple user controls and a fully adjustable headmount for hand-free viewing over either eye. An optional 3x lens is available for long range viewing. System Ships With: Unit, Headmount, Transfer Arm, (2) N Cell Batteries, Soft Case, Shoulder Strap & Ops Manual.
