U.S. Night Vision manufactures tactical-grade night vision devices. Our products include goggles, monoculars, weapon sights and night vision devices.

Made in America: our night vision devices are known throughout the world for their quality and durability.

Our commitment to customer service will ensure your satisfaction.

The Night Enforcer 220 is one of the most compact and lightweight units in the ITT line of night vision. At just 20 oz., this new 3rd. Generation binocular can be easily handheld or head-mounted. This capability allows the user to keep both hands-free while you are on patrol, and then use the head mount's quick release feature when you are ready to go back to handheld use.
