Optional Accessories

Energizer AA Battery (6 Pack), Energizer AA Battery (12 Pack), 3x Military Lens, 5x Military Lens, PSGAT Helmet Mount, MICH Helmet Mount, Camera Adapter 6010/6015/PVS-14, Magnetic Compass, Mil Spec Hard Case, USNV-IR Spot Light Kit

The PVS-14 Alpha is currently used by the U.S. Armed Forces and Special Ops Units. The system has recently been redesigned to operate on a single "AA" battery. The PVS-14A includes a built-in IR illuminator, fully adjustable headmount and mil-spec multi-coated optics. Automatic Brightness Control and Bright Source Protection are standard. The manual gain control feature allows the user to increase or decrease image tube brightness for best possible image contrast in high and low light conditions. The most versatile night vision system on the market, the PVS-14 Alpha can be used hands-free, head-mounted, helmet mounted, weapons mounted or attached to a camera/camcorder for nighttime photography. Optional accessories include: Military Helmet Mounts, Demist Shield, Sacrificial Window, Magnetic compass, High magnification mil-spec lenses and Weapon mounts. System Ships With: Headmount, Transfer arm, Military Soft Case, Shoulder Strap, Lens Tissue, Ops Manual, (1) AA battery and Data Sheet
