Lithium-Ion Rechargeable Searchlight

With Docking Station Charging System

- * Extremely Bright
- * 1 Hour Run Time
- * Carbon Fiber Body

Optional Accessories

Profiler II IR Filter BK 300

Combining a revolutionary deep parabolic reflector with an H-7 axial filament Blue Vision bulb, Golight NxT BlueFusion™ Technology generates an extremely bright, virtually perfect beam of light to eliminate dark spots, cast a broad spectral pattern and reach distances of up to one mile. Projecting more visible light than other handheld brands, Golight brings more power to you, anywhere you go. The Profiler II also has a LED convenience beam for close up use.
