Specially designed to maximize ventilation and minimize heat build-up. Using the latest material in fabric technology, the Cool Mesh Carrier increases the air circulation and absorbs moisture to keep you cool and dry. The design also allows for maximum concealability, thus making it a great choice for the most covert of operations. If you need protection in hot, humid, or tropical environments, the Ballistic Cool Mesh T-shirt is a great alternative to the traditional concealable vest. Specifically designed to combat hot weather and the most extreme environments, the Ballistic Cool Mesh T-Shirt will keep you cool and dry.
